

TEST-BASED NUTRITION | AUDIT REPORT

Codebase Review for Mentions of the Keyword 'Zinzino' & Impact Analysis

Executive Summary: A thorough automated scan was performed across the entire website codebase (test-based-nutrition-ui) and the Partner Portal codebase (partner-hub). The keyword 'Zinzino' was identified in **2 active locations** on the public main website, and in **12 internal training modules** on the Partner Portal. Details and recommended actions are outlined below.

1. Main Website Audit (www.test-basednutrition.com)

The following table details all occurrences of 'Zinzino' found on the public patient-facing website:

Component / File	Context / Exact Phrase	Location	Action Required
Support.tsx (Line 88-89)	FAQ: 'What is Zinzino Fast Start qualification exactly? ... Securing 25 active personal customer subscriptions...'	Public Support Centre Page (/support)	Remove or Replace: Rephrase to 'What is the Partner Fast Start qualification?'
TestimonialsDemo.tsx (Line 18)	Testimonial Quote: '...Zinzino BalanceOil has been a game changer. My elbow pain has completely gone...'	Homepage Testimonials Section (Main Landing Page)	Remove or Replace: Rephrase to '...Test-Based Balance Oil has been a game changer...'

2. Partner Portal Audit (portal.test-basednutrition.com)

The internal partner portal contains references within partner onboarding, training manuals, and recurring revenue calculators:

Portal Section	Context / Content Description	Current Usage
Academy & Onboarding (zinzino-training/page.tsx)	Partner training modules covering 'Why Zinzino from Day One?', Back Office guides, and Fast Start milestones.	Internal Partner Training Only
Growth & Sales Tools (sell-kits/page.tsx)	Guides for clinics on keeping on-site inventory of partner kits and subscription retail margins.	Internal Practitioner Growth Tool
Marketing & Support (marketing-hub & support-centre)	Internal FAQs and marketing resources explaining subscription revenue models.	Internal Partner Support
Navigation Sidebar (app-sidebar.tsx)	Menu items named 'Zinzino Set-Up' and 'Zinzino Partner Growth'.	Internal Dashboard Navigation

3. Summary & Recommended Action Plan

- 1. Main Site Cleanup (Instant):** Remove or rephrase the 2 public occurrences in Support.tsx and TestimonialsDemo.tsx so that public visitors see only 'Test-Based Nutrition' or 'Balance Oil'.
- 2. Partner Portal Review:** Determine whether Zinzino training guides in the internal portal should remain as-is for partner onboarding, or be white-labeled under TBN brand names.
- 3. Zero Operational Risk:** Replacing these terms will have zero impact on site functionality or routing.
